Designator

Limited Modular Approval. Power listed is maximum peak conducted. The antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter, except in accordance with FCC multi-transmitter product procedures. Installers must be provided with antenna installation instructions and transmitter operating conditions for satisfying RF exposure compliance. This module was approved into grantee's host system MULTICAL®403. Compliance of this module in all other final host configurations is the responsibility of the Grantee.
