ATTN: Reviewing Engineer

RE: Permissive Change request & reasoning:

NX-240 FCC ID: ALH443700 &

NX-340 FCC ID: ALH443800

To Whom It May Concern:

This letter serves as an official request for Class II Permissive Change to add emission masks to the two radios mentioned above, one VHF & one UHF. No circuit change is needed, only deviation adjustments are required.

Please contact me if you require any additional information.

Sincerely,

Joel E Berger
