To whom it may concern,

Cover letter Class II Permissive Change (WT41u-N)

Silicon Laboratories Finland Oy / Bluetooth module WT41-U, IC 5123A-WT41U / FCC ID: QQQWT41U would like to have your authorization as Class 2 Permissive Change to add a model WT41u-N with RF pin. The model WT41u-N is electrically identical to WT41u-A and WT41u-E. These models have similar RF characteristics. The difference between the models is that while WT41u-E is equipped with a u.fl connector for an external antenna, WT41u-N is equipped with an RF pin and an external antenna is connected to the RF pin using a 50 ohm trace on the application PCB.
