"OPERATING INSTRUCTIONS (page3)"

Replace the "FCC RF Exposure Warning:" with the following.

FCC RF Exposure Warning:

- This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
- This equipment has been approved for mobile operation and requires minimum 20 cm spacing be provided between antenna(s) and all person's body (excluding extremities of hands, wrist and feet) during wireless modes of operation.
- This equipment may use multiple installed transmitters, which may be capable of simultaneous transmission.
- This equipment is provided with PC Card slot that could be used with wireless transmitters, which will be specifically recommended when they become available. Other third-party wireless transmitters have not been RF exposure evaluated for use with this computer and may not comply with FCC RF exposure requirements.
- This equipment is provided with external antenna connectors for connection to optional Car Mounter or Port Replicator for mobile external mounted antennas. External antennas must be professionally installed and cannot exceed recommended maximum antenna gain as described in individual provided supplement instructions for wireless transmitters.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

"OPERATING INSTRUCTIONS (page9)"

Add the following "DataTAC Antenna".

CAUTION

- Communication is performed through the DataTAC Antenna. Do not block the antenna area with your hand or otherwise interfere with the passage of the radio signals.
