**RE: Application for Class II Permissive Change
FCC ID: N7NAC750**

Dear Sir/Madam:

Sierra Wireless, Inc. is submitting an application for Class II Permissive Change to our PC Card wireless modem, model AirCard 750 (FCC ID: N7NAC750). This product was initially certified by the Commission on May 3, 2001 and November 7, 2002.

In this application, we would like to remove the antenna from the PC Card modem and treat the card itself as a module, and then we seek modular approval for the card to be used in mobile configurations. There will be no change to the card itself.

Please contact me if you have any questions or need further information regarding this application.

Sincerely,

A handwritten signature in black ink, appearing to read "Ying Wang", is written over a light gray horizontal line.

Ying Wang
Senior RF Engineer
