Re: FCC Class II Permissive change for FCC ID: 2AGBWOCC010

Dear Examiner,

This is to request a Class II permissive change for FCC ID: 2AGBWOCC010, originally granted on 07/12/2023 (Date).

The major change filed under this application is:

Change #1: Adding New model: 929003866213 and PMN: EasySense.

Adding new source of EMC component. Since the change does not affect the RF characteristics, only the radiated spurious emissions test below 1GHz was evaluated.

Sincerely,
