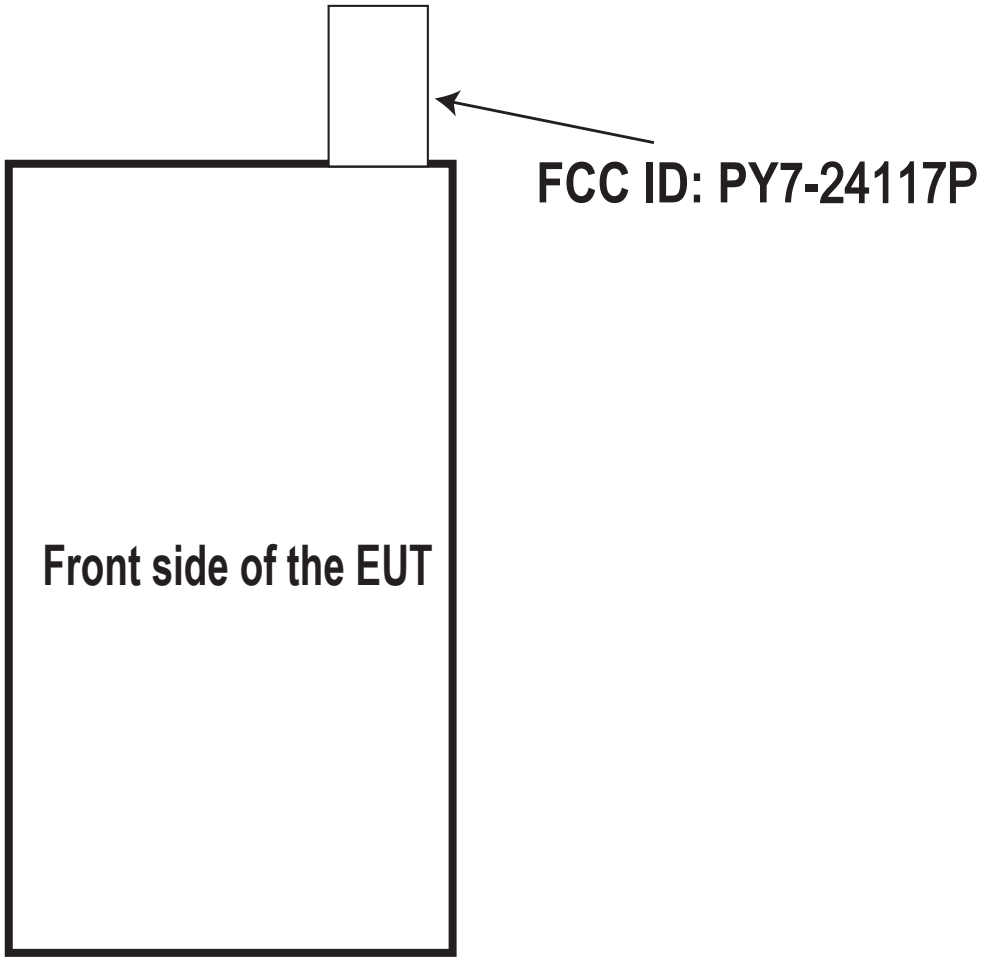
Label and Label Location

PY7-24117P



The FCC ID is not on the exterior of the device but labelling meets the conditions allowed in KDB 784748 for the label to be placed in a user accessible area:
1. The device is handheld
2. The quick start manual directs the user where to find the FCC label
3. The user does not require any special tools to access the FCC label and the label is not removable
4. The FCC ID is on the label, FCC15.19(a) statement in manual due to device size.
5. The label tray which has FCC ID is stored in the same place of the SIM card tray, pull it out to exhibit FCC ID.

It is the responsibility of the user to ensure that they have a correct and valid version. Any outdated hard copy is invalid and must be removed from possible use.
