FCC ID: ELVATRPH
IC: 3671B-43605690

RoHS
Compliant

P/ NAME: Remote Engine Start ECU
MODEL NO: 4360569

FCC Compliance

This device complies with Part 15 of the FCC Rules and with Industry Canada license-exempt RSS standard(s).

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Note!

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
