

TWN4 Slim LEGIC Antenna 2.4GHz

2.4 GHz mini ceramic SMT Antenna from Johanson Technology, Inc.

The antenna is a mini ceramic SMT antenna soldered on the PCB and can not be changed.

P/N 2450AT18A100

Parameters

Operating Frequency: 2.4GHz

Type: mini ceramic SMT Antenna

Impedance: Directly connected and matched to transmitter

Polarization: Linear

Construction: Ceramic SMT

Antenna peak gain: +0.5 dBi for 2.4 GHz

Mounting Considerations 1: Antenna Performance

Typical 2D radiation patterns @ 2.44GHz
