

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and
Board View 1**

**Solder
Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) with various electronic components, including a large black integrated circuit (IC) in the center, several capacitors, and a small circular component on the right. The board is positioned next to a metal ruler for scale. The ruler has markings in centimeters (0 to 20) and millimeters (0.5 mm). The background is a blue textured surface.
Solder Board-Component View 3	 A photograph of the same green PCB from a different angle, showing the underside or a different side. It features gold-colored pads and traces, and some components are visible. A metal ruler is placed next to it for scale, with markings in centimeters (0 to 20) and millimeters (0.5 mm). The background is a blue textured surface.

Solder Board-Component View 4	 A photograph of a small electronic component, identified as a solder board-component, shown in View 4. The component is a small, rectangular, gold-colored PCB with a flexible gold ribbon cable attached to one end. It is positioned next to a metric ruler for scale. The ruler shows centimeters from 1 to 10 and millimeters from 0.5 to 10. The component is approximately 4 cm long and 1 cm wide. The background is a blue textured surface.
Solder Board-Component View 5	 A photograph of the same solder board-component, shown in View 5. This view shows the component from a different angle, highlighting the gold-colored PCB and the flexible gold ribbon cable. It is positioned next to a metric ruler for scale. The ruler shows centimeters from 1 to 10 and millimeters from 0.5 to 10. The component is approximately 4 cm long and 1 cm wide. The background is a blue textured surface.
