Subject: LTEM-P Model numbering

To Whom it May Concern:

Model number LTEM-P which has FCC filing under FCC ID CFS-LTEMP and ISED filing under 573F-LTEMP has the following model numbering variations:

- LTEM-PV
- LTEM-PA

LTEM-PV and LTEM-PA are identical versions of LTEM-P

The 'V' and the 'A' simply are to differentiate them as for Verizon and for AT&T.
