Tips

1. Do not attempt to disassemble or replace any parts inside the product, except for the operation methods specified in this manual.

2. Do not put the product into water or any other liquid, as this product is not designed to be waterproof.

3. If any liquid accidentally enters the product, please immediately disconnect and remove the product.

4. To avoid electric shock, please ensure that your hands are not wet when installing or uninstalling the product.

5. Please do not place this product near a heat source or directly expose it to a fire source.

6. Do not place this product in an environment with strong electromagnetic force, otherwise it may cause product malfunction.

Product specifications

Bluetooth version: 5.4

Receiving distance: >10M

Speaker diameter: ø13mm

Speaker impedance: 32Ω±15%

Music time: about 5 hours

Headphone battery capacity: 30mAh/3.7V

Control method: touch operation

Microphone: 38dB±1

Speaker power: 5mW

Charging compartment specifications

Battery capacity: 200mAh/3.7V

Charging time: <1.5 h

Rated input: 5V 200mA

(All technical information is subject to actual performance)

Product operation instructions

1. Power on

Method 1: Open the lid and the earphones will automatically turn on;

Method 2: Press and hold the MFB button on the earphones for 3 seconds to turn on the device.

2. Power off

Method 1: Put the earphones into the charging compartment and automatically shut them off.

Method 2: If the earphones are not connected to the device within 3 minutes, they will automatically shut down.

3. Pairing

Step 1: Pair left and right earphones: Remove the earphones from the charging compartment and automatically pair them left and right.

Step 2: After the left and right earphones are automatically paired successfully, they enter pairing mode and wait for the earphones to connect to the device.

Step 3: Turn on the Bluetooth function of the device, select "TF-T28" to connect, and if the pairing is not connected within 3 minutes, it will automatically shut down.

Printed circuit assembly

Small structural parts such as housings

This table is prepared according to the provisions of SJ/T11364

①: Indicates that the content of the hazardous substance in all homogeneous materials of the component is below the limit requirements specified in GB/T26572

②: Indicates that the content of the hazardous substance in at least one homogeneous material of the component exceeds the limit requirements specified in GB26572

Parts marked with "X" in the table cannot be substituted for hazardous substances due to the limitations of global technological development.

This form is prepared in accordance with the provisions of SJ/T11364

Printed Circuit Board Components*: Includes printed circuit boards and their parts, electronic components, and so on.

Depending on the product model, the product you purchase may not contain all of the above components.

Electrical and electronic products sold in the People's Republic of China must be marked with this symbol, and the number inside the symbol represents the environmental protection use period of the product under normal use.

Warranty Statement

DISCLAIMER

No warranty, representation of position or other implication of any kind is made in this manual. The products, specifications and information mentioned in this manual are for reference only and are subject to change without notice.

Warranty Statement

The products attached hereto are warranted as follows: If the product is damaged due to defects in quality under normal use within twelve (12) months from the date of purchase, the product will be repaired free of charge if it can be repaired, or replaced free of charge if it cannot be repaired as confirmed by the manufacturer; and the product will continue to be covered by the warranty for the remainder of the warranty period (a minimum of not less than 30 days) after the product is repaired or replaced. After repair or replacement, the product will continue to enjoy the warranty during the remaining warranty period (at least 30 days).

The date of purchase is based on the date of the sales invoice. If the date of purchase cannot be determined, the warranty period will be calculated on the basis of thirteen (13) months from the date of manufacture of the product.

For warranty claims, please call the product service hotline first and follow our instructions. To claim the warranty, you will need to provide a valid sales invoice that is accurate, complete and legally filed out. The above warranty does not apply to the following:

1. Exceeding the validity period of the three packages;

2. Altered warranty card, product code does not match the product body;

3. Failure or damage caused by misuse, abuse or improper transportation, use, maintenance or storage;

4. Failure or damage caused by force majeure (e.g. earthquake, war, fire, etc.) or accidents;

5. Damage to zippers, towers, or buckles due to excessive force;

6. Unwearing or tearing due to excessive force;

7. Any damage caused by sharp objects;

8. Products that show signs of burn or flooding;

9. Damage caused by unauthorized modification.

10. Aging, discoloration, wear and tear, cracks and other wear and tear that occurs during normal use of the product.

11. This warranty will be void if the original labeling of the product is altered or destroyed. The product and the accompanying materials are complete and intact appearance is not the scope of the warranty; you should receive the product on-site inspection and any discrepancies to raise objections.

The above warranty is our entire warranty in respect of the product and applies only within mainland China.

Nothing in this document affects the rights of consumers which cannot be excluded or restricted under the law.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
