Subject: Replacement of Test Report and User Manual files

Date: 5th May 2006

1. User Manual was revised and uploaded into NII application (EA858770), due to inclusion of required compliance information (i.e. compliance statement) for Industry Canada approval. IC compliance statement located in Appendix I2 User Manual (part 2), page 45 of 75.

Revised User Manual file uploaded today into DSS portion of application.

2. Test Report M060246_Cert_EYTF3CSFT_WLAN

Due to the removal of band 5470-5725 MHz from FCC approval application – FCC ID: EJE-WB0039 (DTS and NII applications), the DSS report has also been revised and uploaded
