Limited Warranty

Adesso provides a one year limited warranty for all of its products against defects in material and workmanship.

During this period, Adesso will repair or replace any product which proves to be defective. However, Adesso will not warranty any product which has been subject to improper freight handling, shipping abuse, neglect, improper installation or unauthorized repair. The warranty will not cover products installed with components not approved by Adesso and products where the sealed assembly trace has been broken.

If you discover a defect, Adesso will, at its option, repair or replace the product at no charge to you provided you return it during the warranty period with freight charges pre-paid to Adesso. Before returning any product, you must obtain a Return Merchandise Authorization number (RMA). This RMA # must be clearly marked on the outside of the package you are returning for warranty service. Be certain to also include your name, shipping address (no PO Boxes), telephone number, and a copy of the invoice showing proof of purchase in the package.

Quick Start Guide

Product Overview

Getting Started

- Bluetooth Mode
 - Rotate the volume knob to turn on the speaker, then the blue light indicator flashes.
 - Search for the bluetooth speaker name "Xtream S6", then it will connect and pair automatically. If there is password needed. Simply enter "0000". Once the device is connected successfully, it will be automatically paired when re-use next time.
- Aux Mode
 - Connect the device with 3.5mm aux cable and the speaker will enter into the AUX mode with voice prompts.
 - The blue color indicator light is on AUX mode.
- RCA Mode
 - Plug the red and white color cable into the TV/Projector or any other devices' corresponding position (The white cable plugs into the red hole position), the other 3.5mm cable plugs into the speaker and then the speaker will enter into the RCA mode with voice prompts.
 - The blue color indicator light is on in RCA mode.
- Charging Mode
 - Charge the speaker with the charging cable. (Wall charger is also available as long as it is 5V adapter).
 - The Red Color indicator light is on when it is on charging mode, and the light is off when fully charged.

FCC Caution.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

*RF warning for Mobile device:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
