

**EXHIBIT 2**

**Section 2.911 (e) CERTIFICATION OF TECHNICAL TEST DATA**

To Whom it may Concern:

This is to certify that the **Nokia AHBCD AirScale Dual RRH 4T4R 240W** with **FCC ID: VBNAHBCD-01**, manufactured by Nokia is an LTE-FDD (Long Term Evolution-Time Division Duplex) and 5G-NR transceiver which operates in Bands 5 – PUBLIC MOBILE SERVICES, 13 - MISCELLANEOUS WIRELESS COMMUNICATIONS, and 26 - PRIVATE LAND MOBILE RADIO SERVICES.

R.J. Johnson  
Technical Manager  
FCC Compliance Test Group

**Section 2.911 (e) QUALIFICATION OF ENGINEERS**

Steve Gordon is a Member of Technical Staff at Nokia. He received a BSET degree in 2001 from The New Jersey Institute of Technology, Newark College of Engineering. He has more than 19 years of experience in the EMC regulatory industry. He has developed test plans and conducted RF tests including the required FCC tests for radio equipment certification. Steve is the Lead engineer for the FCC filing of the subject product at Nokia.

**Section 2.911(d) CERTIFICATION OF TECHNICAL TEST DATA**

I hereby certify that the technical test data are the results of tests supervised by me.

Steve Gordon  
Member of Technical Staff
