

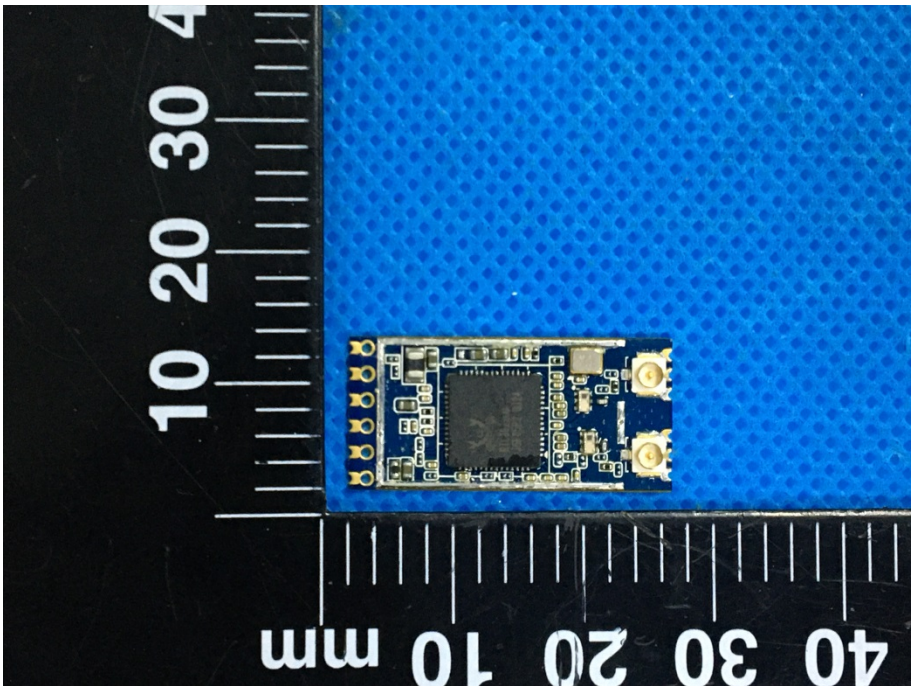

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

Solder Board-Component View 1	 A photograph of a small electronic component, likely a module, mounted on a blue textured surface. A black ruler with white markings is placed vertically to the left of the component, showing measurements in millimeters (10, 20, 30, 40 mm). The component itself is rectangular with a gold-colored base and various electronic components, including a central black chip and several small capacitors. It has two gold-colored connectors on the right side.
Antenna View	 A photograph of two black, cylindrical antennas standing vertically on a blue textured surface. A red rectangular box highlights the antennas, and a red line points from a label 'Antenna' in a red-bordered box to the top of the antennas.
