

Hong Kong M Spacer Limited

Declaration of difference

Date: 2023-10-25

The product: Interactiv0e Touchscreen Display

Model No.: UX Pro Edge 65", UX Pro Edge 75", UX Pro Edge 86"

FCC ID:2APKO-EKXXFH

IC : 25437-EKXXFH

Dear Examiner,

Compare with UX Pro Edge 65", UX Pro Edge 75" only the appearance, size and power main board are different, others completely the same.

Compare with UX Pro Edge 65", UX Pro Edge 86" only the appearance, size, power main board, AC power socket board are different, others completely the same.

All models ' RF hardware and software, including modules, crystal oscillator, antenna, function exactly the same. According to the pretest results, the differences between the models only affect the results of the Radiated Emission (30MHz-1GHz) and Power Line Conducted Emissions. Therefore, in addition to the two test projects, the results of three models (UX Pro Edge 65", UX Pro Edge 75", UX Pro Edge 86") are recorded, and the remaining projects only record the test results of the worst model: UX Pro Edge 86".
