INSTALLING BATTERIES

Mouse

1 Remove the battery cover, then remove the USB receiver from the compartment.

2 Insert two AA alkaline batteries, then replace the cover. Make sure that the + and – signs match the symbols in the compartment.

AA batteries

Keyboard

- Remove the battery cover, insert two AAA alkaline batteries, then replace the cover. Make sure that the + and – signs match the symbols in the compartment.

AAA batteries

CONNECTING YOUR MOUSE/KEYBOARD TO YOUR COMPUTER

1 Connect the USB receiver to an available USB port on your computer. Your computer installs the necessary drivers automatically.

Note: Your USB receiver is inside your mouse's battery compartment.

2 Slide your mouse and keyboard's power switches **ON**. Your computer automatically detects the mouse and keyboard.

If the mouse or keyboard does not work:

- Reconnect the USB receiver to the USB port.
- Press the **Connect** button on the bottom of your mouse or keyboard. The LED blinks while pairing, then turns off.
- Check the batteries in your mouse or keyboard

USING YOUR MOUSE

Adjusting your mouse sensitivity (DPI)

Press the DPI button repeatedly to switch between 1600, 2400, and 3000 DPI. The DPI indicator lights up for 10 seconds:

- **Bright:** 3000 DPI
- **Dim:** 2400 DPI
- **No light:** 1600 DPI

Navigating with your mouse

Press forward to view the next page in your browser.

Press back to view the previous page in your browser.

Press and hold the zoom button while rotating the scroll wheel to zoom in or out.

Press the Windows button to open the Start menu.

UNDERSTANDING INDICATOR LIGHTS

Mouse

DPI INDICATOR

- **Bright:** 3000 DPI
- **Dim:** 2400 DPI
- **No light:** 1600 DPI

- **Wake up:** LED blinks battery status for five seconds
- **75-100%:** Three LEDs light up
- **21-74%:** Two LEDs light up
- **5-20%:** One LED lights up

Keyboard

Caps lock indicator:
Lights up when caps lock is turned on.

Number lock indicator:
Lights up when number lock is turned on.

Power/Battery/Pairing indicator:
Lights up to display the keyboard's power, battery, or pairing status.

- **On:** LED is on for 10 seconds, then turns off.
- **Low battery:** LED blinks for 10 seconds.
- **Pairing:** After pressing **Connect**, the LED blinks, then turns off when paired or after 10 seconds.

CLEANING YOUR MOUSE AND KEYBOARD

- Wipe the mouse and keyboard with a damp, lint-free cloth.

TROUBLESHOOTING

My mouse or keyboard is not working.

- Make sure that your mouse and keyboard are turned on.
- Move your keyboard and mouse closer to your computer.
- Make sure that your computer meets the system requirements.
- Only use the mouse on a clean, flat, non-slippery surface to ensure smooth and accurate cursor action.
- Avoid using your mouse on reflective, transparent, or metallic surfaces.
- Make sure that your mouse or keyboard and USB receiver are paired by pressing the connect button on the mouse or keyboard.
- Replace the mouse or keyboard batteries.
- Try connecting your USB receiver into a different USB port on your computer.
- Try removing or moving other wireless devices near the computer to prevent interference.

Mouse:

- Dimensions (L×W×H): 4.9×3.3×1.7 in. (12.52×8.4×4.46 cm)
- Net weight: 4.23 oz. (.12 kg)
- Batteries: 2 AA alkaline batteries
- Battery life: 12 months (based on average usage)
- Radio frequency: 2.4 Ghz
- Operating distance: 32.8 feet (10 meters)
- Rating: 3V D.C. - 10 mA

USB receiver:

- Dimensions (L×W×H): 0.74×0.57×0.25 in. (1.89×1.45×0.63 cm)
- Weight: 0.17 oz. (.005 kg)
- Interface: USB 1.1, 2.0, 3.0

Keyboard

- Dimensions (H×W×D): 17.96×7.35×0.75 in. (45.61×18.66×1.91 cm)
- Weight: 35.28 oz. (1.0 kg)
- Rating: 3V C.C. - 4mA
- Radio frequency: 2.4Ghz
- Operating distance: 33 feet (10 meters)
- Battery: 2 AAA alkaline
- Battery life: 6 months (based on average usage)

IMPORTANT SAFETY INFORMATION

- This product has no serviceable parts. Use of controls or adjustments of procedures other than this guide may result in danger.
- DO NOT direct the beam at anyone's eye.

CAUTION: To use this product properly, please read this guide before installing.

LEGAL NOTICES

- This product complies with IEC 60825-1, class 1 laser product.

This device complies with Industry Canada license-exempt RSS standard(s).
Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le present appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisee aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioelectrique subi, meme si le brouillage est susceptible d'en compromettre le fonctionnement.

Radiation Exposure Statement:

The product complies with the FCC portable RF exposure limit set forth for an uncontrolled environment and is safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

FCC Statement:
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
