

Product Overview

earphones x2 (L & R)

USB-C cable x1

Charging case x1

Charging Before using the "Monster Open Free AC100", please connect the USB-C cable to a power adapter to begin charging. Fully charge the earphones and the charging case before the first use.

Ouick start guide and warranty card

Power On/Off When taken out of the charging case, the earphones will turn on and pair with each other automatically. To turn off the earphones, put them in the charging case, then the earphones will be turned off and start charging.

The earphones will turn on and pair with each other automatically when taken out of the charging case. A "pairing" voice prompt will be heard after they pair successfully.

For new device connection, turn on the Bluetooth in your device and choose "Monster Open Free AC100" from the

Bluetooth list to connect. You will hear "connected" after the earphones are paired to the device. If the earphones have been paired before, they will connect to the last paired device automatically after being turned on.

Put the "Monster Open Free AC100" onto your ears and rotate to fit comfortably to get the best wearing and sound quality experience.

MFB Operation

In the power on state, touch the MFB of the earphones 6 times (both left and right earphones), and the earphone will automatically shut down and restore the factory settings.

Additional Operation

*Private replacement of batteries without permission is not

单击左或右耳

*Batteries [battery packs or battery combinations] should not be exposed to lighting, baking or similar overheating environments.

*The input voltage and current standard ≤ 5V/1A when charging the headset charging compartment from an external power source:
