

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A black, oval-shaped electronic device with the HTC logo is shown next to a ruler. The ruler has markings in millimeters and centimeters. The device is positioned horizontally, and the ruler is placed vertically to its left for scale.
EUT View 2	 A black, oval-shaped electronic device with a USB port is shown next to a ruler. The ruler has markings in millimeters and centimeters. The device is positioned horizontally, and the ruler is placed vertically to its left for scale.

EUT View 4	

EUT View 5	
EUT View 6	

EUT View 7	 A black electronic component, likely a microcontroller or sensor, is shown from a top-down perspective. It has a small, rounded body with two distinct yellow circular markings. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component positioned between the 10 mm and 20 mm marks.
EUT View 8	 A black electronic component, similar to the one in View 7, is shown from a different angle. It features a small, rounded body with a cylindrical protrusion on one side. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component positioned between the 10 mm and 20 mm marks.

EUT View 9	 A black electronic component, possibly a connector or plug, is shown on a blue textured surface. A black ruler with white markings is placed next to it for scale. The ruler has markings in millimeters (0 to 100) and centimeters (0 to 10). The component is positioned near the 30 mm mark on the ruler.
EUT View 10	 A black electronic component, similar to the one in View 9, is shown on a blue textured surface. A black ruler with white markings is placed next to it for scale. The ruler has markings in millimeters (0 to 100) and centimeters (0 to 10). The component is positioned near the 30 mm mark on the ruler.
