2.1 SPEAKER SYSTEM with Color Light and Bluetooth® Wireless Technology

OWNER'S MANUAL

PLEASE READ BEFORE OPERATING THIS EQUIPMENT.

MODEL: GCYYW773

FCC NOTICE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC STATEMENT:

1. This device complies with Part 15 of the FCC Rules.Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC WARNING:

This equipment may generate or use radio frequency energy. Changes or modifications to this equipment may cause harmful interference unless the modifications are expressly approved in the instruction manual. Modifications not authorized by the manufacturer may void user's authority to operate this device.

1

LOCATION OF CONTROLS

- ① Bass knob
- ② Treble knob
- ③ Power on/off and Volume control knob
- ④ USB plug
- ⑤ 3.5 mm jack port

POWER SOURCE

Insert the USB cable into your device's USB port or USB Charger for power (USB Charger not included).

Notes:

- A. Before connecting the cable, please turn down the volume to avoid damaging the speakers with excessive output.
- B. Avoid placing it in high-temperature or high-humidity environments.
- C. Please do not disassemble the device by yourself.

2

OPERATION:

To power on the unit, switch the Power ON/OFF Button to the ON position. The Speaker Decorative Lights will illuminate.

BT Mode:

Bluetooth pairing:

When using the unit for the first time or re-pairing it with a new BT Device, follow these steps:

- 1.Begin by inserting the USB cable into your device's USB port or USB Charger for power. Then, power on the unit, which will automatically enable Bluetooth mode. You will hear an audible prompt saying "Bluetooth ready for connection".
- 2.Power on the external BT Device and enter BT search mode. Follow the instructions on the external BT device's screen to start pairing. Once paired, the unit will sound a prompt "Bluetooth connected".
3. Once pairing is complete, you can now play music with your external BT Device.
4. During playback:
 - Turning the Power Button clockwise will increase the volume of the subwoofer and speaker, while turning it counterclockwise will reduce the volume.
 - Turning the Bass Knob clockwise will enhance the bass of the sound to the subwoofer, and counterclockwise will reduce it.
 - Turning the Treble Knob clockwise will enhance the treble of the sound to the speaker, and counterclockwise will reduce it.
- 5.When you've finished listening, switch the Power ON/OFF button to the OFF position to shut off the unit.

Notes:

- When the external BT Device searches for the unit, our model number "MHT773" will appear on the display of the external BT Device.
- If you are prompted for a code during pairing, please try "0000" or "1234".

3

AUX IN:

Listen from an external Audio Player.

- 1.First,insert the USB cable into your device's USB port or USB Charger for power, and then connect the 3.5mm audio connection cable to the AUX Out/Line Out/Phone Jack on the external Audio Player.
- 2.You must first disconnect the Bluetooth of external BT device, then power on the unit, and after that, enter to the AUX IN mode.
- 3.Play the music on the connected Player as usual. (Make sure the volume level of the connected Audio Player is turned to high level).
4. During playback:
 - Turning the Power Button clockwise will increase the volume of the subwoofer and speaker, while turning it counterclockwise will reduce the volume.
 - Turning the Bass Knob clockwise will enhance the bass of the sound to the subwoofer, and counterclockwise will reduce it.
 - Turning the Treble Knob clockwise will enhance the treble of the sound to the speaker, and counterclockwise will reduce it.
- 5.When you've finished listening, switch the Power ON/OFF button to the OFF position to shut off the unit.
