Subject: Official Request for DISMISSAL of "IP Set-Top"

We,

Pegatron Corporation ask to DISMISS our application with FCC ID: **VUIITV8100**. Primary reason for this dismissal is to enable the TCB to re-upload this filing again in order to again achieve Short Term confidentiality on exhibits that are extremely sensitive for exposure to our competitors. We ask this filing to be dismissed, based on the fact that this device has never ever been sold or marketed in the United States of America, and also nowhere else in the world.

In addition, we understand and accept the fact that Internal Photos, External Photos, Setup Photos and User manual have been exposed in the FCC ID website to the public from 07/06/2015 until this dismissal comes into effect.
