

## Confirmation Letter

FEDERAL COMMUNICATIONS COMMISSIONS  
Authorization and Evaluation Division  
7435 Oakland Mills Road  
Columbia, MD 21046

We hereby confirm that any of our production units bearing the following model numbers are identical in electrical, mechanical and physical design.

The (HT802/HT801, FCC ID:YZZHT802V1) two models of Main Board share the same PCB layout. The number of FXS ports is different, the corresponding FXS port circuit devices will decrease.
