

Re: FCC ID NM8HERM200
Applicant: High Tech Computer Corp
Correspondence Reference Number: 31931
731 Confirmation Number: EA988709

3) This device needs additional line items for PCE E-GPRS (EDGE) mode for both frequency bands. What line items are to be added to the Grant (frequencies, power, tolerance, and emissions designator) for WCDMA mode?

Dear Stan,

Sorry for the inconvenience, we are not aware need to provide this info and will correct it next time. Please use following table for two EDGE modes in 22/24 bands. Thank you very much for your help.

cc	22H	824.12-848.76	0.764	0.1 ppm	312KG7W
cc	24E	1850.2-1909.8	0.618	0.1 ppm	300KG7W

Best regards,

Gary
