

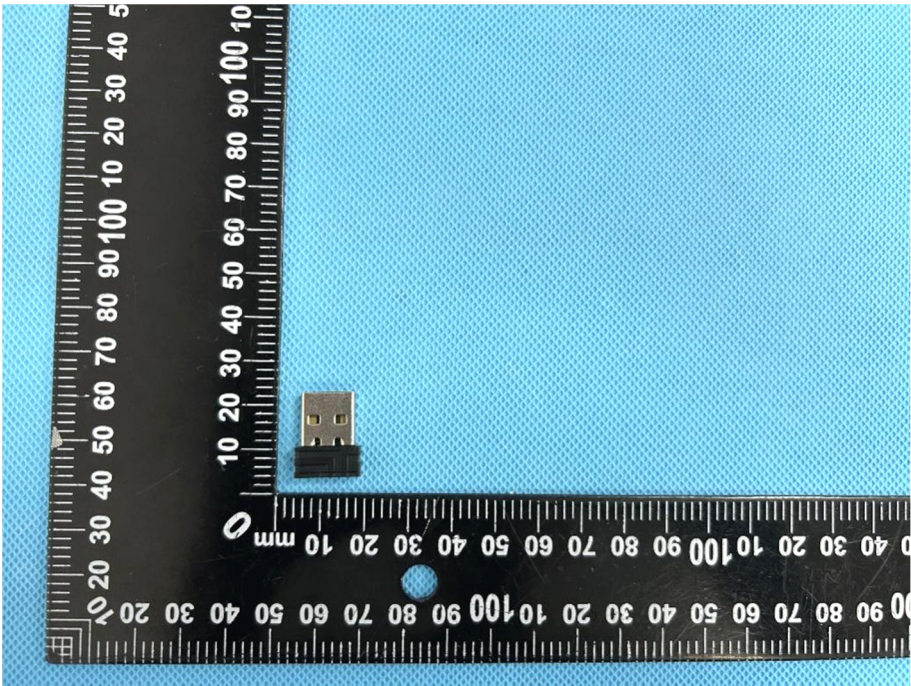

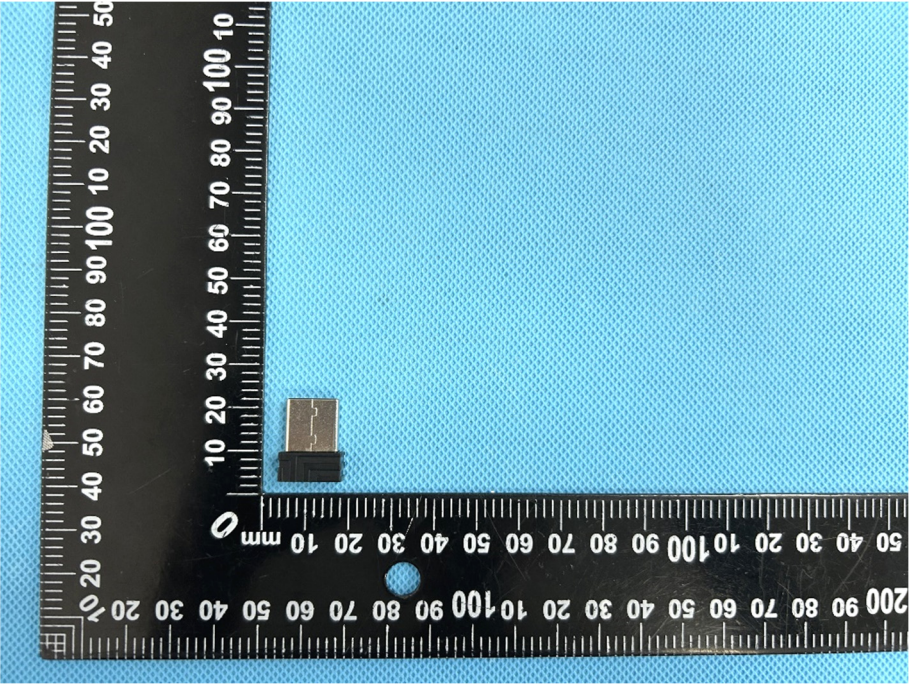

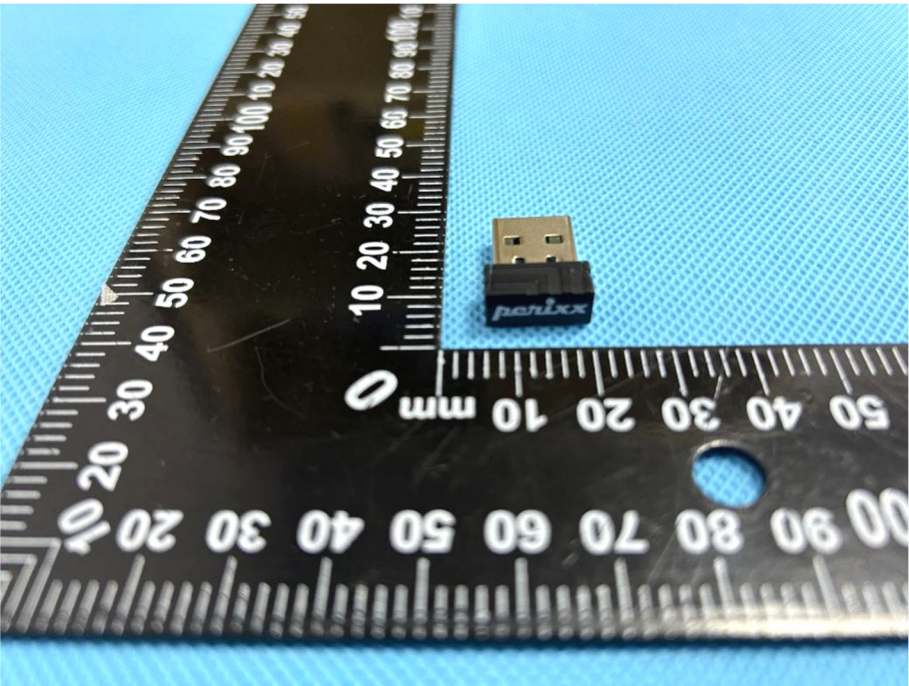

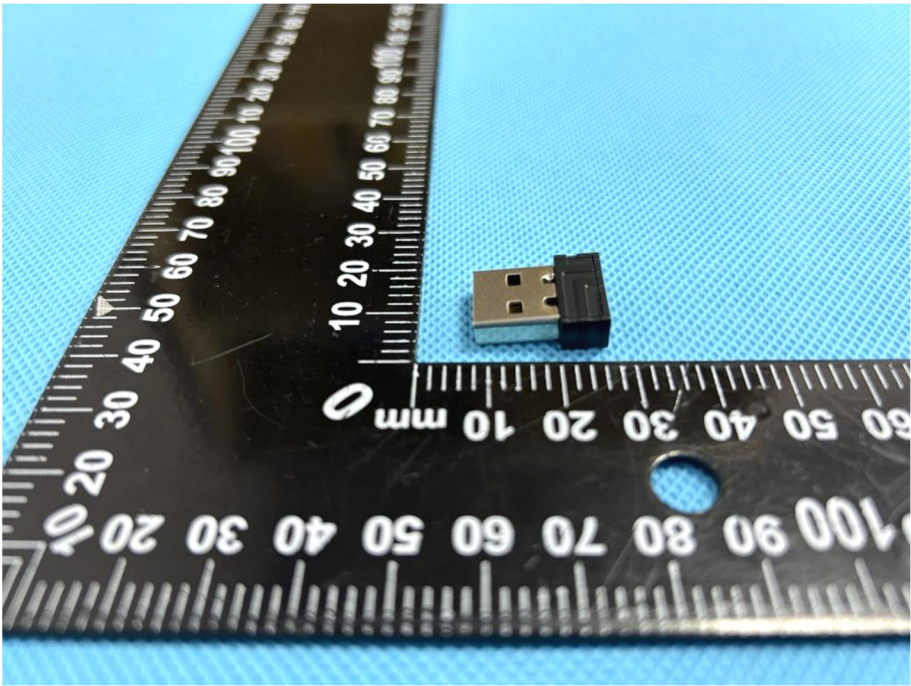

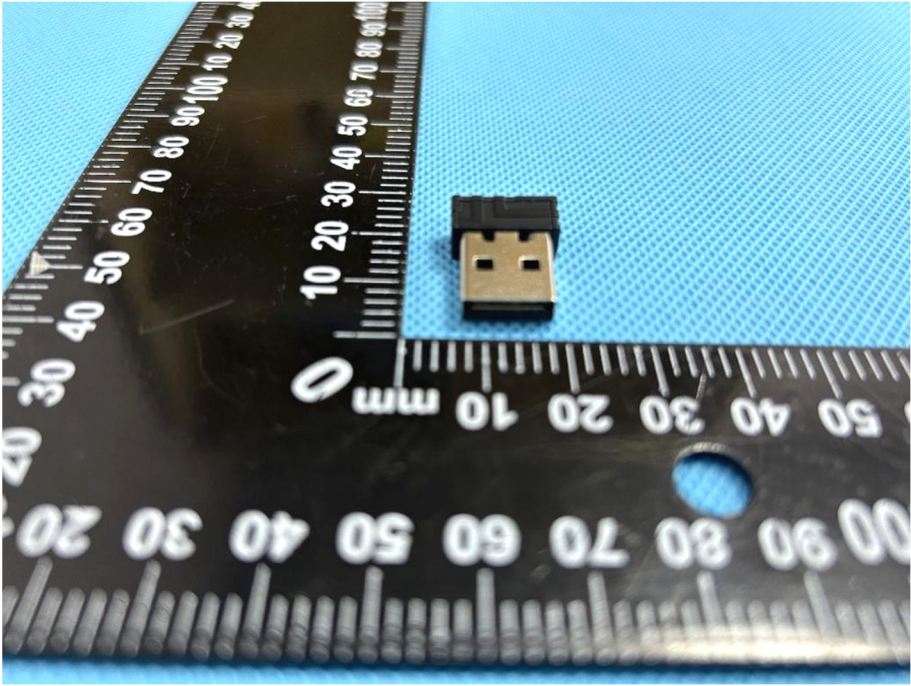

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing two black, rectangular electronic devices (EUTs) and a small USB dongle. The devices are positioned vertically on a light blue textured surface. A black ruler with white markings is placed horizontally below the devices. The ruler has markings in centimeters (0 to 10) and millimeters (0 to 10). The top device is slightly larger than the bottom one. The USB dongle is small and black, located to the right of the bottom device.
EUT View 2	 A close-up photograph of a small, black USB dongle. The dongle is positioned horizontally on a light blue textured surface. A black ruler with white markings is placed vertically to the left of the dongle. The ruler has markings in centimeters (0 to 10) and millimeters (0 to 10). The dongle is small and black, with a USB connector visible.
