

Fig.C-1 Photograph of the  
TECOM Model T-2000A placed in  
the holster. The metallic clip is on  
the opposite side which ensures  
that the antenna is angled away  
from the body in the body-worn  
configuration.

Fig.C-2 Photograph of the  
TECOM Model T-2000A in the  
holster from the metallic belt clip  
side. The metallic belt clip is in  
the raised area in the center of  
the picture.
