

Request for Class II Permissive Change

FCC ID: XMR024BG770ASN

Date: March 4,2025

To: Federal Communication Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MID 21046

Please be notified that we, the undersigned, Quectel Wireless Solutions Company Limited declare that the reasons for this Class II permissive change are as below:

The new version shares the same hardware design with the original version (grantee date: 01/01/2025). The only difference is that the new version supported NTN Band23 via software.

Above changes won't impact the protocol and RF performance for the original other frequency bands.

Sincerely,
