CONFIDENTIALITY LETTER

DATE: 15 December, 2006

Federal Communications Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD 21046

Re: Sierra Wireless, Request for Confidentiality
FCC ID: N7N-MC5720, (Original Grant date: June 20, 2005)
Applicant: Sierra Wireless

To whom it may concern,

Pursuant to the provisions of Sections 0.457 and 0.459 of the Commission's rules (47 CFR §§ 0.457, 0.459), we are requesting the Commission to withhold the following attachments for the subject Class 2 Permissive Change application as confidential documents from public disclosure indefinitely.

Circuit Description Block Diagrams
Tune-Up and Alignment Procedure
Schematic

These documents contain detailed system and equipment description and related information about the product in which Sierra Wireless considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Sierra Wireless considers that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely

Todd Van Cleave
Manager Engineering Services
Carlsbad Research & Development
Sierra Wireless America, Inc.
