

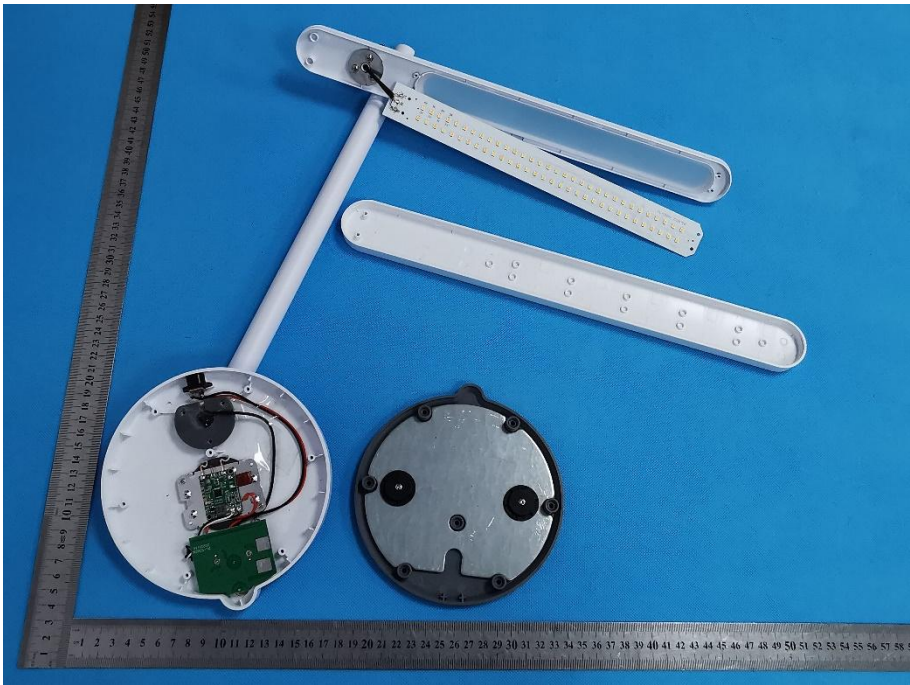

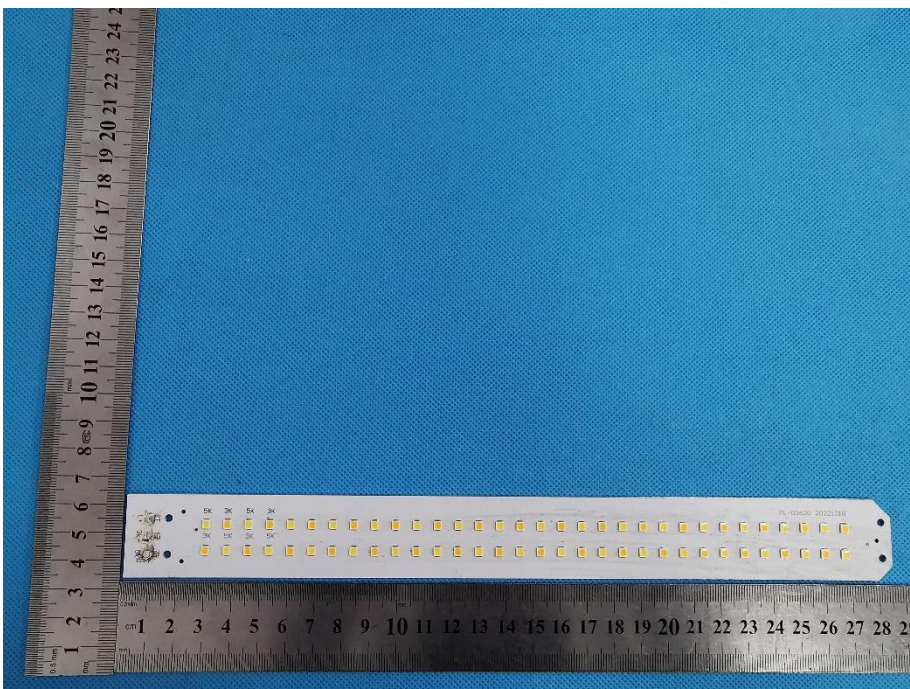

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

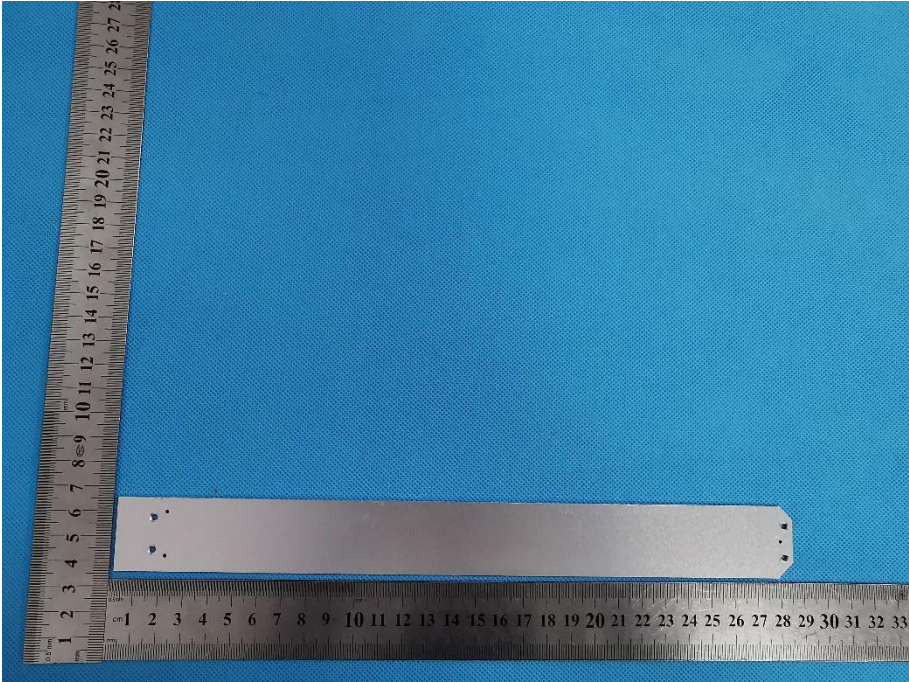

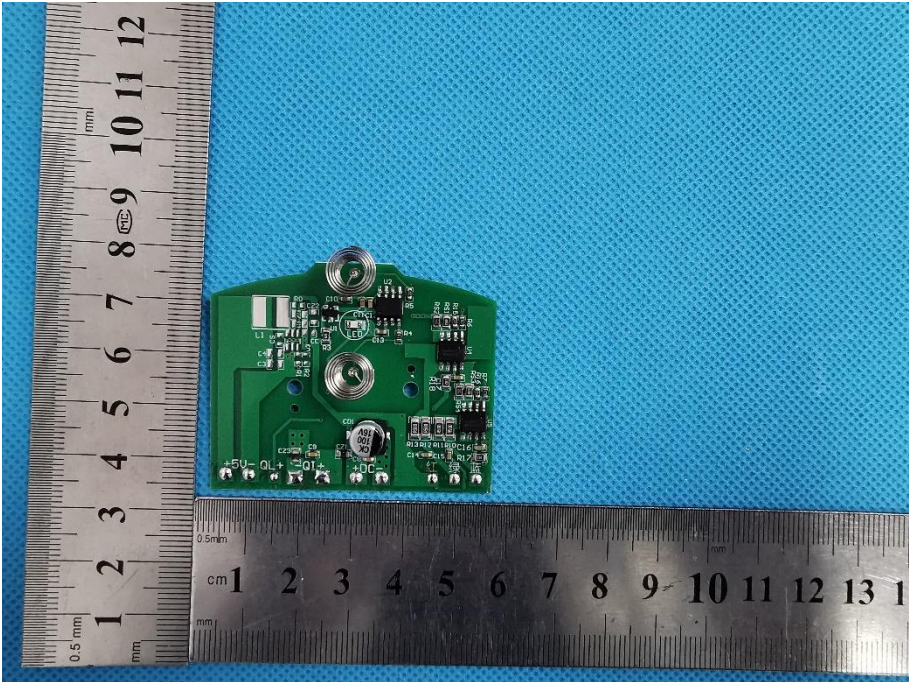

Model No.: PL-0360Q

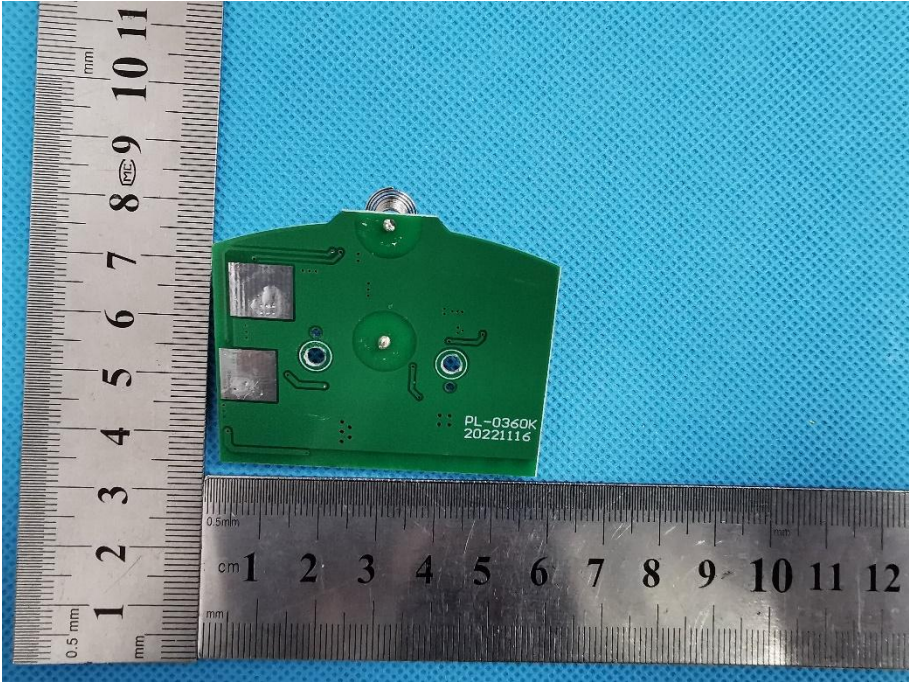

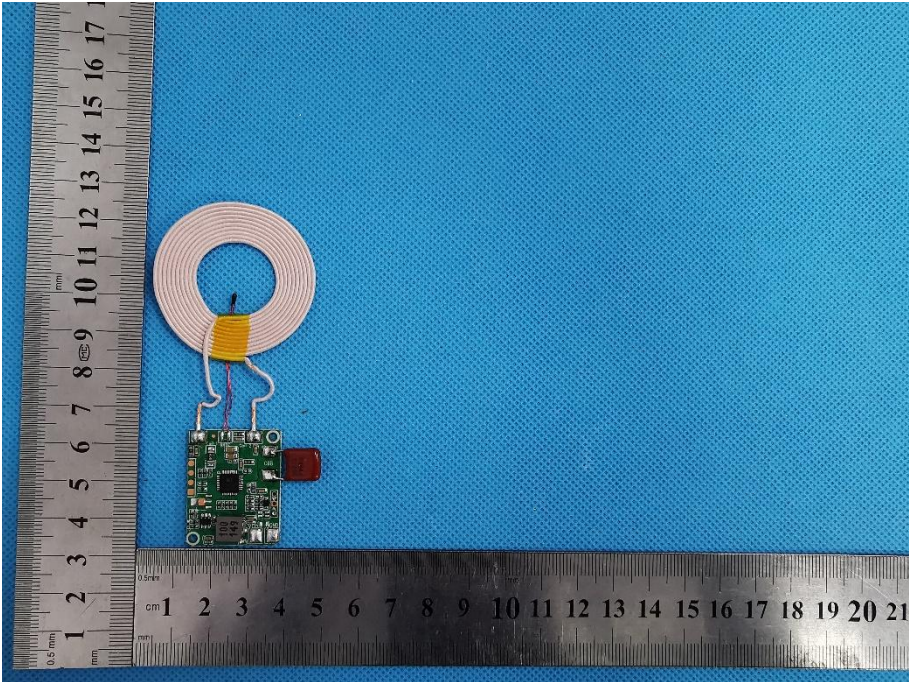

**EUT Housing and
Board View 1**

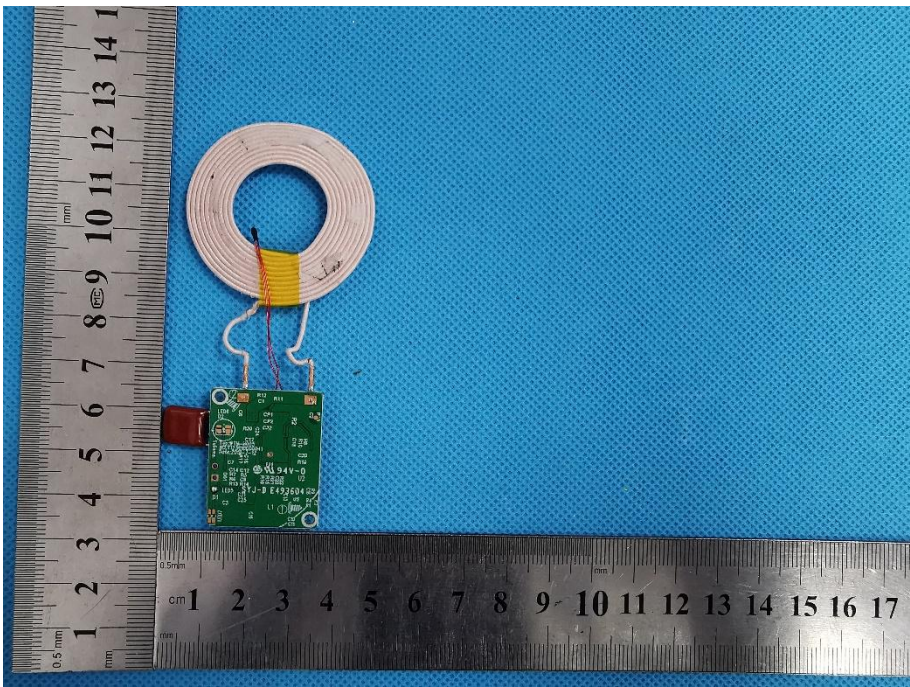

**Solder
Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a long, thin, rectangular silver-colored metal component, likely a solder mask or a thin PCB, placed horizontally on a blue textured surface. A metal ruler is positioned vertically along the left edge of the component, showing measurements from 1 to 27 mm. Another ruler is placed horizontally below the component, showing measurements from 1 to 33 cm.
Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component with various electronic components soldered onto it. The components include a large electrolytic capacitor, several resistors, and integrated circuits. The PCB is placed on a blue textured surface. A metal ruler is positioned vertically along the left edge of the component, showing measurements from 1 to 12 mm. Another ruler is placed horizontally below the component, showing measurements from 1 to 13 cm.

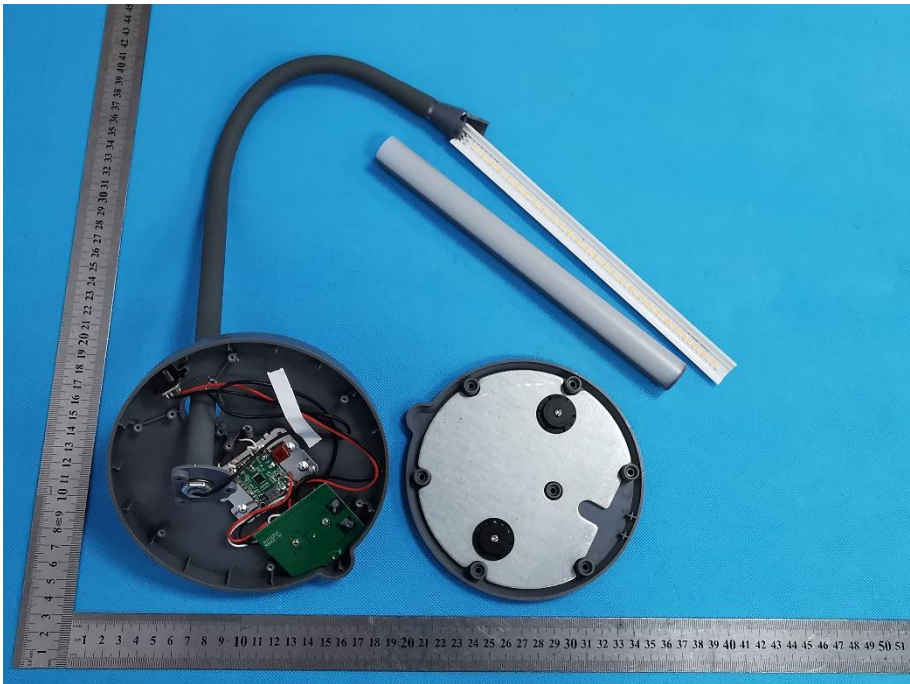

Solder Board-Component View 4	 A photograph of a green printed circuit board (PCB) component, labeled 'PL-0360K 20221116', positioned next to a metric ruler. The component is irregularly shaped with several circular solder pads and two rectangular solder joints on the left side. The ruler shows centimeters from 1 to 12 and millimeters from 0.5 to 11. The background is a blue textured surface.
Solder Board-Component View 5	 A photograph of a small green PCB component with a red component and a coiled white ribbon cable attached. The component is positioned next to a metric ruler. The ruler shows centimeters from 1 to 21 and millimeters from 0.5 to 17. The background is a blue textured surface.

Solder Board-Component View 4	 A photograph of a green printed circuit board (PCB) component, labeled 'PL-0360K 20221116', positioned next to a metric ruler. The ruler shows the component is approximately 6.5 cm wide and 4.5 cm high. The PCB features two white rectangular components, several circular holes, and various electronic components. The background is a blue textured surface.
Solder Board-Component View 5	 A photograph of a small green PCB component with a red component, positioned next to a metric ruler. The ruler shows the component is approximately 4.5 cm wide and 2.5 cm high. A coiled white ribbon cable is attached to the top of the PCB. The background is a blue textured surface.

Solder Board-Component View 6	 A photograph showing a green printed circuit board (PCB) with various electronic components, including a red component and several surface-mount components. A circular, light-colored coil antenna is attached to the board with yellow solder. The assembly is placed on a blue textured surface next to a metal ruler for scale. The ruler shows centimeters and millimeters.
Antenna View	 A photograph showing the same assembly from a different angle, focusing on the coil antenna. A red line points from a text box to the coil. The text box contains the text "Wireless charger: Coil Antenna". The assembly is placed on a blue textured surface next to a metal ruler for scale. The ruler shows centimeters and millimeters.
