

Radiated Emissions 30 – 1000 MHz, device in XY-orientation

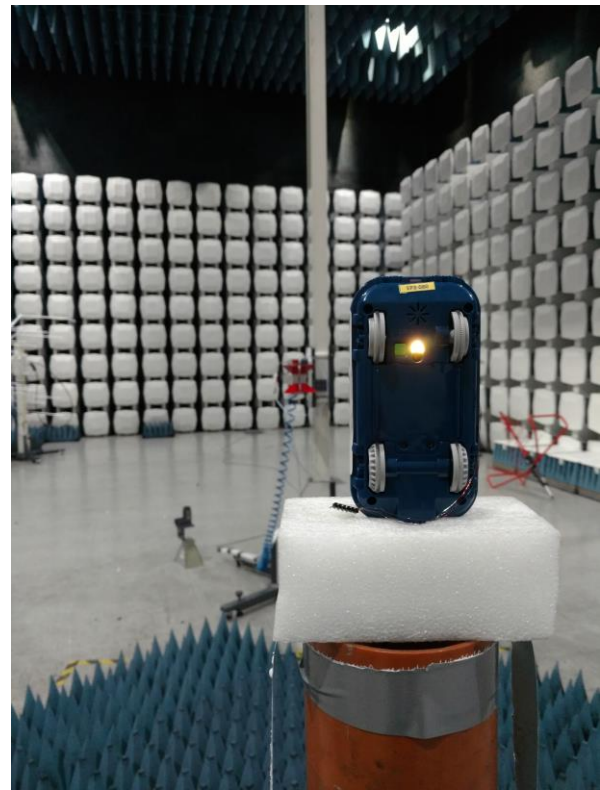

Radiated Emissions 30 – 1000 MHz from antenna

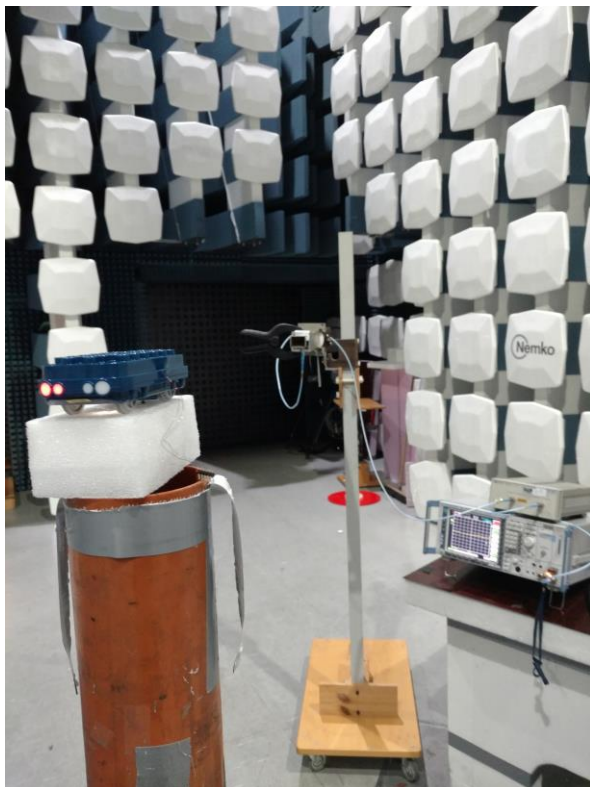

Radiated Emissions 1 – 18 GHz, device in YZ-orientation
 The EMCO 3115 antenna is used for EIRP and Band Edge measurements

Radiated Emissions 1 – 18 GHz
 The EMCO 3117PA antenna is used for spurious measurements

Radiated Emissions 1 – 18 GHz from device, device in YZ-orientation

Radiated Emissions 18 – 26 GHz, device in XY-orientation.
 Antenna, preamplifier and spectrum analyser in background
