

Date: 2023-02-20

FCC ID: R680Q845US

FCC E-Label Information:

1. According to FCC rule part 2.935 justification of using the alternative method of e-labeling for the product

Certified module is being placed into a host product with integrated electronic display screen. Host manufacturer would like to use e-labelling on the end-product in lieu of a physical label.

2. According to KDB 784748, for devices with an integrated electronic display, or those devices that only operate in conjunction with another associated product that has an electronic display, below info has been stated in e-label and/or user manual.

A. User Steps to Access Information

Starting from Main Page:

Step 1 – Access Interviewer Application (Installed on every device)

Step 2 –Access “Settings” submenu

Step 3 –Access “System information” submenu, where applicable regulatory information is displayed

- B. Products must not require special accessories or supplemental plug-ins (e.g., the installation of aSIM/USIM card) to access the information.

Instructions will be provided with the product at the time of purchase, in the quick guide pamphlet.

Readability of Regulatory Information
