Dear Mr. Kuo,

For the time being it is recommended that you select scope B2 in this case.

Dear Ray :

I am in the processing of granting one of licensed transmitter which can provide the services under FCC Part 22, 24 and 90. Since under TCB Scopes of Accreditation, B1 covers Part 22 and 24, B2 covers Part 90. At the opening screen of TCB login, I can only select B1 or B2 but not both. Please let me know what are the actions should be taken in order to issue the Grant correctly.
