

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of an EUT (End User Terminal) housing. The components include a black plastic housing, a green printed circuit board (PCB) with various electronic components, and two black earbuds connected by a black cable. A black ruler with white markings is placed horizontally below the components for scale. The ruler shows measurements in millimeters (mm) and centimeters (cm).
Solder Board-Component View 1	 A close-up photograph of a green printed circuit board (PCB) component, likely a soldered board component, showing various electronic components and a date code "2019/4/3". The component is placed on a black surface with a white ruler for scale. The ruler shows measurements in millimeters (mm) and centimeters (cm).

Solder Board-Component View 2	 A photograph showing a small green printed circuit board (PCB) component mounted on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler has two scales: a vertical scale on the left ranging from 0 to 80 mm and a horizontal scale at the bottom ranging from 0 to 100 mm. The component is located approximately at the 10 mm mark on the vertical scale and the 30 mm mark on the horizontal scale.
Solder Board-Component View 3	 A photograph showing a small, circular, gold-colored component mounted on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler has two scales: a vertical scale on the left ranging from 0 to 80 mm and a horizontal scale at the bottom ranging from 0 to 100 mm. The component is located approximately at the 10 mm mark on the vertical scale and the 30 mm mark on the horizontal scale.

Solder Board-Component View 4	 A photograph showing a circular silver component, likely a solderable antenna, placed on a blue textured surface. A black ruler with white markings is visible in the background, showing measurements in millimeters.
Antenna View	BT Antenna  A photograph showing a green printed circuit board (PCB) with various electronic components. A red box highlights a specific component on the board, which is identified as the BT Antenna. A red line points from the label to the highlighted component. A black ruler with white markings is visible in the background, showing measurements in millimeters.
