Previous track:Playing status, long press V- about 2 seconds

Reset: During charging, press and hold the MFB button for about 5 seconds to clear pairing record

FCC Warning changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two

(1) this device may not cause harmful interference, and (1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part
15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential
installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with
the inductions are used beared interference.

the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

— Reorient or relocate the receiving antenna.

— Increase the separation between the equipment and receiver.

— Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

— Consult the dealer or an experienced radio/TV technician for help. RF Exposure Statement.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

CE CAUTION:

.Use careful with the earphone maybe excessive sound pressure from earphones and headphones can cause hearing

2.Risk of explosion if battery is replaced by an incorrect type, dispose of used batteries according to the instructions. – disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an - disposal of a bothery find line of a find over, or medianically disting of conting of a bothery, that contressin in an explosion;

- leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the

leakage of flammable liquid or gas;
- a battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or

gas.

3.he product shall only be connected to a USB interface of version USB 2.0.

4.EUT Temperature: 0°C→+4.5°C(Standalone).5-+4.0°C(with adapter).

5.To prevent possible hearing damage, do not listen at high volume levels for long periods.

6.58 cable is shielded.

Operating Frequency:

Modulation mode: **RF output power :** BT: 3 dBm

EU DECLARATION OF CONFORMITY

Fully charged
• If fully charged, the light will turn to blue

CONNECT SMART DEVICES

Enter into pairing status automatically

in accordance with

Annex VI of Directive 2014/53/EU of the European Parliament and of the Council

Model: B1 Color
Product: Neck Earphone
Trade name or Brand: TECNO
Software /Hardware number: V3.2/ V1.5
2. Name and address of the manufacturer or his authorized representative:
Manufacturer: TECNO MOBILE LIMITED
Address: FLAT 39 8/F BLOCK D WAH LOK INDUSTRIAL CENTRE 31-35 SHAN MEI STREET FOTAN NT
3. This declaration of conformity is issued under the sole responsibility of the Manufacturer.
4. Object of the declaration (identification of the radio equipment allowing traceability; it may include a colour image of sufficient clarity where necessary for the identification of the radio equipment):
5. The object of the declaration described above is in conformity with the relevant Union harmonization legislation: Directive 2014/53/EU (RED)

After reset, long press the MFB about 2 seconds, the blue light flashes once and then blue and red light flash alternatively, earphone enter into pairing status, the searching time lasts about 2 mins

• Earphone will enter into pairing status, and forced to connect back to the last connected device, the searching time lasts about 2 mins. (Pairing and connection back synchronous, priority for back connection)

2014/33/EU (RED)

6. References to the relevant harmonised standards used or references to the other technical specifications in relation to which conformity is declared:

Article 3.1a Health: EN 62479:2010

Article 3.1a Electrical Safety: EN62368-1:2014+A11:2017
Article 3.1b: ETSI EN 301 489-1 V2.2.3 (2019-11)
ETSI EN 301 489-17 V3.2.4 (2020-09)
Article 3.2: ETSI EN 300 328 V2.2.2 (2019-07)

7. Notified Body Name: Eurofins Electrical and Electronic Testing NA, Inc.
Notified Body Number: 0980
Notified Body Assessment Performed: Module B/C on Article 3.1a, 3.1b, 3.2 and 3.3
Technical File Identification Number: N/A
8. Where applicable, description of accessories and components, including software, which allow the radio equipment to operate as intended and covered by the EU declaration of conformity: User instructions are provided in the User Manual.
The Software and Hardware versions are specified above.

9. Arditilipon information:

9. Additional information:
Referring to Article 10.2 of the Directive, this equipment is so constructed that it can be operated in all Member States, without infringing applicable requirements on the use of radio spectrum.
Referring to Article 10.10 of the Directive, there are no restrictions on putting this equipment into service or of requirements for authorization of use. Please refer to the User Manual for details.
