**Subject:** FCC ID: SWW2112P

Mr. Ross:

In order for processing of this application (FCC ID: SWW2112P) to continue, the following issue(s) will have to be addressed:

- 1) Please indicate the type of modulation utilized by the device.
- 2) While the test report indicates that the device does not transmit while its batteries are charging, the operational description seems to indicate otherwise. Please clarify whether this device does indeed transmit while its batteries are charging and, if so, please submit data for AC conducted, radiated and frequency stability while in this operating mode.
- 3) The test report submitted is more than 4MB. The test report shall not be greater than 3 MB. Please either reduce the file size, or split the file into separate files.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Please upload responses and/or exhibits to the electronic filing website. Your correspondence number is SWW2112P-1.
