①	②	③	④	⑤	⑥	⑦	⑧																																																										
Automatic Pairing	During 10 seconds pairing will be done with the device paired																																																																
Bluetooth	V5.3	Frequency Response	20Hz-20kHz																																																														
Pairing Name	MINISO-WB205	Sensitivity	109±3dB																																																														
Function	Multimedia, phone calling	Charging Port	USB-C																																																														
Charging Input	5V == 200mA	Transmission Distance	10m																																																														
Battery Capacity	300mAh	Charging Time	2h																																																														
Music Playback Time	Around 13h (Volume 50%)	Calling Time	Around 10h																																																														
Impedance	32Ω																																																																
Function	Instructions																																																																
1. Volume+/Next	Turn On																																																																
2. Functional Button	Press power button for around 2 seconds, power on: blue light blinks 3 times, pairing: red and blue lights blink alternately																																																																
3. Volume-/Previous	Turn Off																																																																
4. Indicator Light	Press power button for around 3 seconds, red light on for 2 seconds then turns off																																																																
5. 3.5mm Audio Port	Turn on the earphones, search on the device you want to connect the earphones to for the pairing name of MINISO-WB205 and choose to pair, blue light on for 1 second then turns off																																																																
6. Mic																																																																	
7. USB-C Charging Port																																																																	
8. Power Button
