Betreff: Grant of waiver for Aviator 700S

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Dear Adrian and Jorge,

On May 4, 2020, Cobham Aerospace Communications requested waivers of sections 87.131, 87.137, 87.139(i)(1) and 87.141(j) of the Commission's rules to permit certification of the Thrane & Thrane Aviator 700S system. The request was filed in the Commission's Electronic Comment Filing System (ECFS). See <https://ecfsapi.fcc.gov/file/1050493245190/99-172631-A%20ROJ-AVIATOR700S%20Waiver%20Request%20Letter%20-%20signed.pdf>. The waivers would permit the certification of the Thrane & Thrane Aviator 700S system to provide two channels of SwiftBroadband functionality. We have reviewed the waiver request, and find that it satisfies the waiver criteria in section 1.925 of the Commission's rules for the reasons stated therein. The waiver request is accordingly GRANTED and sections 87.131, 87.137, 87.139(i)(1) and 87.141(j) of the Commission's rules are WAIVED as requested.

Questions regarding this waiver grant should be addressed to Jeff Tobias, at jeff.tobias@fcc.gov or 202.418.1617.

Sincerely,
Thomas Derenge
Deputy Chief, Mobility Division, WTB, FCC
