CASTMAD1A Class 2 Permissive Application

This is an application to submit by means of Class 2 Permissive change, an exhibit (FCC Report 1985-A Supplementary Information), to correct faulty Emission Designators (E.D.) on the existing Grant of Authorisation, by replacing the Incorrect Emission Designators with the Correct Emission Designators. The exhibit shows how we calculate the FFSK Emission Designators, and how we measured the Tait High Speed data wide band Emission Designator.

Emission Type	Incorrect E.D.	Correct E.D.
FFSK Narrow Band	4K80F2D	6K60F2D
FFSK Wide Band	8K40F2D	9K60F2D
THSD Wide Band	8K10F1D	12K6F1D

Yours faithfully,
