Request to Replace Revised Internal Photographs**

To Whom It May Concern:

On behalf of Sierra Wireless Inc. is a request to replace the revised internal photographs submitted to the Commission on October 12, 2001. The only change in the second revision is a manufacturer's identification inadvertently remained on a PCB component and is now removed due to the applicant's desire for confidentiality of this component. We respectfully request that the 2<sup>nd</sup> revision internal photographs replace the previously submitted revised internal photographs.

If you have any questions or comments concerning the above, please contact me.
