

【Radar Motion Sensor】 : The radar sensor bulb is very sensitive to motion, There is a microwave sensor inside the bulb. Provides higher sensitivity than PIR infrared sensors bulbs, and works well even when the body temperature is the same as the ambient temperature. The radar led bulb will turn on automatically when you passed by within 13-26 feet in the dark, and turn off automatically within 30 seconds after you leave the area.

【Dusk to Dawn Feature】 : At dusk, It will auto turn on (illumination < 6 LUX). At dawn, and auto turn off (illumination > 6 LUX at dawn, so you don't need to manually switch the dusk to dawn led light bulb.

【Specification】: Input: AC120/60Hz

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
