

A photograph showing two disassembled Xbox 360 wireless controllers. The controllers are black and are shown from the back, revealing the internal components. The top controller is the back of a left-hand controller, showing the trigger mechanism and internal wiring. The bottom controller is the back of a right-hand controller, showing the battery pack, internal circuitry, and the connection points for the D-pad and buttons. A ruler is placed horizontally across the top of the controllers, and another ruler is placed vertically along the left side of the image. The background is a solid blue surface.
