Subject: 5G Sub-6GHz OTT VoIP HAC Attestation

FCC ID: A4RG1F8F

To Whom It May Concern:

Google LLC hereby declares that this handset as designed is expected to exhibit similar audio intensity levels between OTT VoIP calls over 4G LTE data connections and 5G Sub-6GHz data connections, and the results using ABM1 values obtained from OTT connections over LTE bands and ABM2 values for 5G Sub-6GHz connections over the same bands provide a reasonable representation of the HAC rating over these 5G Sub-6GHz connections.

If you have any questions, please do not hesitate to contact us.

Sincerely yours,

A handwritten signature in blue ink, appearing to read "John McNulty".
