

A black portable media player with a large, rectangular screen. The screen is currently blank. Below the screen, there is a row of buttons: a small square button, a button labeled "A11", a button labeled "VOICE", and a button labeled "REPEAT". On the left side of the device, there is a USB port and a label that reads "USB1 SMARTPHONE". The device has a sleek, modern design with rounded edges.

The rear view of the USB2000 module shows several connectors and components. On the left, there is a BNC connector, a 5V 0.1A DC power input, and a USB Type-A port. A black USB cable is plugged into the USB port, with a white label that reads "USB2". In the center, there are two RJ45 ports. On the right, there is a "FUSE 10A" label, a red "10" label, and a D-sub connector. The module is mounted on a black base.
