Standby Time: Approx. 3000 Hours
*Depends on individual use

FCC Notice:
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

Technical Support:
Please do not attempt to fix the product by yourself. If you are experiencing any problems with the product, please do not return it to the store you bought it from. You can contact our technical support representatives and they will assist you with any questions you might have. For assistance operating your product, please consult the User's Manual first, then feel free to contact Merkury Innovations technical support:

“-” Button:
Press to decrease Volume
Long press to skip to the previous track

CHARGE IT

- Plug the micro USB cable into the micro USB port on the side of the in-line remote and connect the other end of the cable to either a computer USB port or a USB-compatible charger.
- Solid red LED light will indicate when the earbuds are charging, even while they are turned off.
- When charging is complete, the LED light will turn off.
- Charging time is approximately 1.5 hours.

POWER ON

- Press & hold the power button on the BLADE earbuds for 3-4 seconds.
- The earbuds will power on, a blue LED light will flash, and will automatically reconnect to the last Bluetooth device they were connected to.
- If you haven't connected the earbuds to any device follow the steps below.

PAIR & CONNECT WITH A NEW DEVICE

- If your earbuds are OFF, press & hold the power button for 6-10 seconds to power on and enter pairing mode.
- If your earbuds are ON, press the power button once to enter the pairing mode.
- The LED light will quickly flash red & blue. Your earbuds are ready to be paired.
- On your Bluetooth-enabled device, navigate to the Bluetooth settings menu, turn on the Bluetooth feature and search for new devices.
- After a few seconds you will see "UZ-BTE85" listed.
- Tap this model to select it. The LED will begin to slowly blink blue, and the earbuds will emit a tone to indicate that it has been successfully paired with your device.

NOTE: You only need to pair your Bluetooth device with the BLADE earbuds once.
NOTE: If your device asks for a password to connect to the earbuds, enter "0000"

PLAY

- Connect your device to the BLADE earbuds via Bluetooth (see "Pair & Connect with a New Device").
- Open your favorite music app and press play.
- Control the track & volume from your device, or using the in-line controls on the BLADE earbuds. Press the "Power" button once to play/pause music & answer calls.
- Press the "+" or "-" button once raise/lower the volume on the earbuds. Press and hold to skip to the next/previous track. Note: Volume on your device and on the earbuds are controlled separately.
- All audio, including music, games, videos, and notifications will be routed through the BLADE earbuds.

POWER OFF

- Press and hold power button for 3-5 seconds.
- The earbuds and LED light will turn off.
