Federal Communications Commission
Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, Maryland 21046

Subject: Long-Term Confidentiality Request for Antenna Information.
FCC ID: RMXWSBUB-SDS

To whom it may concern,

We hereby respectfully request that under the provision of 47 CFR 0.459 and 0.457(d) that the antenna documents submitted earlier with our application for certification be provided with long-term confidential status.

- Antenna Info 01.pdf (NFC)
- Antenna Info 02.pdf (WiFi/BT)
- Antenna Info 03.pdf (WWAN)

I originally approved that the antenna information be placed in the public domain, but then after the grant was issued it was brought to my attention that the documents contain Intellectual Property secrets between Intel and our suppliers. Substantial competitive harm to us and/or our suppliers could result should the antenna information remain available in the public domain.

I am aware that the antenna exhibits for which I am requesting post-grant confidentiality have been publically available since the date of the grant (October 2, 2014).

If you have any questions please feel free to contact Mike Lowe +1 (503) 712-5298.

Sincerely,

A handwritten signature in black ink that reads "Michael M Lowe".

Michael M Lowe
Product Regulatory Engineer
