EUT Housing and Board View 3	
Solder Board-Component View 1	

Solder Board-Component View 2	 A photograph of a red printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. The component is rectangular with a central circular cutout and several smaller circular holes. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component is oriented vertically, with its longer side parallel to the ruler's 0-100 mm scale.
Solder Board-Component View 3	 A photograph of a yellow printed circuit board (PCB) component, labeled 'Solder Board-Component View 3'. The component is rectangular with a central circular cutout and several smaller circular holes. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component is oriented vertically, with its longer side parallel to the ruler's 0-100 mm scale.

Solder Board-Component View 6	 A photograph showing a red component with a black circular feature and a row of gold pins, mounted on a blue textured surface. A black ruler with white markings is placed below the component for scale. The ruler shows measurements in millimeters, with markings for 10, 20, 30, 40, 50, 60, 70, 80, 90, and 100 mm.
Antenna View	2.4GHz Antenna  A photograph showing the same red component as in the previous view, but with a red line pointing to a specific feature on the component. The red line originates from a red box labeled "2.4GHz Antenna". The component is mounted on a blue textured surface, and a black ruler with white markings is placed below it for scale. The ruler shows measurements in millimeters, with markings for 10, 20, 30, 40, 50, 60, 70, 80, 90, and 100 mm.
