A photograph of a green printed circuit board (PCB) with various electronic components. The board is irregularly shaped and features a central processor, several memory modules, capacitors, and connectors. It is placed on a blue surface next to a ruler for scale. The ruler shows measurements in inches (0 to 6) and centimeters (0 to 15). The board has a blue USB port, a yellow Ethernet port, and a silver SMA connector. There are also several black integrated circuits and electrolytic capacitors. The board is labeled with 'AVR' and '100' near the top right corner.
