Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, identified as a solder board, placed on a blue textured surface. The component is rectangular with rounded corners and features a large circular hole on the left side. It is populated with various electronic components, including a central integrated circuit (IC), several resistors, and smaller surface components. A black L-shaped ruler is positioned around the component for scale, with markings in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Solder Board-Component View 3	 A photograph of the same green PCB component from a different perspective, showing the underside or a different side. The component is smaller and more compact than in View 2, with a rectangular shape and rounded corners. It features a central IC and some surface components. A black L-shaped ruler is positioned around the component for scale, with markings in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).

Solder Board-Component View 4	 A photograph of a small, rectangular green printed circuit board (PCB) component. The component is positioned on a blue textured surface. To its left is a black L-shaped ruler with white markings in millimeters. The ruler's vertical scale ranges from 0 to 100 mm, and the horizontal scale ranges from 0 to 200 mm. The component is oriented vertically, with its longer side parallel to the ruler's vertical scale.
Solder Board-Component View 5	 A photograph of a larger, rectangular black printed circuit board (PCB) component. The component is positioned on a blue textured surface. To its left is a black L-shaped ruler with white markings in millimeters. The ruler's vertical scale ranges from 0 to 100 mm, and the horizontal scale ranges from 0 to 200 mm. The component is oriented vertically, with its longer side parallel to the ruler's vertical scale. The component features various electronic components, including a large integrated circuit (IC) in the center, several smaller ICs, and numerous surface-mount components. The text "ADCO" is visible on the component.

Solder Board-Component View 6	 A photograph of a black rectangular solder board component with several small yellow components and four gold-colored circular pads. It is placed on a blue textured surface next to a black ruler with white markings in millimeters and centimeters.
Antenna View	BT Antenna  A photograph of the interior of a device showing a BT antenna. A red box highlights the antenna component, and a red line points from the label "BT Antenna" to it. The antenna is labeled "YJ-P00728-BT-V03". Other components visible include a large circular component with "ROCKTA" and a white plastic component.
