## TECHNICAL SPECIFICATIONS:

LIGHTSPEED wireless technology/LIGHTPVC RGB lighting/ON-BOARD MEMORY PROF. S.E.S

Magnesium alloy shell/Exoskeleton Design/PTFE feet

<b>Sensor:</b>	PAW3395DM
<b>Master Control :</b>	NRF52833
<b>Resolution:</b>	100~32000
<b>Max Speed (IPS) :</b>	650
<b>Max Acceleration :</b>	50G
<b>USB Reprt rate :</b>	8KHz (2.4G)
<b>Bluetooth Version:</b>	V5.1
<b>Input :</b>	5V~450mA
<b>Battery Capacity :</b>	400mAh
<b>Charging port :</b>	TYPE-C
<b>Net Weight(Mouse Only) :</b>	49G
<b>Product Dimension:</b>	124(L)*63.5(W)*39.5(H)mm
<b>System Compatibility:</b>	Windows/Mac/IOS/Android

\*The above specifications are for reference only, and the manufacturer reserves the right to outsource and modify product specifications without prior notice.

## Warranty

One year warranty.

Within the warranty period of the product, if any malfunctions are due to the product's own quality, users can contact the retailer with purchase receipt to receive free repair services.

These will not be covered by warranty:

- Damage caused by self-disassembly.
- Malfunctions or damage resulting from water exposure, drops, or deliberate mechanical damage.
- Malfunctions or damage caused by force majeure events.

### FCC Requirement

Changes or modifications not expressly approved by the party responsible for compliance may void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and;
- (2) This device must accept any interference received, including interference that may cause undesired operation.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits and limits for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 18 inches between the radiator & your body. This transmitter must not be used in conjunction with any other antenna or transmitter.
