

FCC Statement:

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are

designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

7- Specifications

- Product Material: ABS + glass + cloth
- Power Input: DC 5V/2A
- Charging Efficiency: >75%
- Wireless Charging: 5W
- Battery Capacity: 300mAh
- Speaker Power: 3W
- Product Size: 151 x 151 x 71mm / 5.95 x 5.95 x 2.8 inches
- BT ID: D059694
- FCC ID: 2AANZSPHM

This product supports fast wireless charging, it follows Qi® wireless charging standards. With the use of 5V output adapter, wireless charging supports a 5W load, with the use of QC2.0 and above standards of the adapter, wireless charging supports a 10W load. With over voltage and temperature protection.

Attention

- Avoid direct sunlight exposure or high temperatures for a long period.
- Do not disassemble or modify this product.
- Do not touch the AC adapter with wet hands.
- Please put this product away from water or other liquids
- If you want to clean this product, please disconnect the power supply.
- Working environment temperature range of products: 20-45
